|   └─ Post_Templates/ ← 1080×1080 + 1200×630
|   └─ Profile_Images/ ← sized per platform
|   └─ Thumbnails/      ← YouTube / web (1280×720)
|
|─ 05_Extras/           ← email sig, CSS doc (Tier 5)
```

STANDARD DELIVERY

All brand assets are implemented directly on your website. Your site launches with everything in place — no technical knowledge required on your end.

IT HANDOFF (TIER 5)

For clients with in-house IT teams, a complete ZIP archive of all brand assets is provided in the folder structure above — organised, labelled, and ready to hand over.
